SPAY V2

DISCLAIMER

SPAY V2 is a community driven decentralized cryptocurrency existing outside the control of governments and central authorities

We utilize open-source smart contracts with permanent protection. In legal terms, is considered a utility token and by any means is not a regulated or security token. Moreover, it is not an asset backed by stablecoin or fiat currency. Trading cryptocurrencies carries a high level of risk, so we kindly ask you to carefully examine all the administrative, regulatory, and legal parameters prior to reading this WhitePaper and/or transacting with \$SPAYV2. By proceeding, the User acknowledges and accepts that there is a possibility of a loss of some or all of an initial investment and thereafter rejects any claim against any team member of the SSPAY V2 community.

SPAY V2

INTRODUCTION

Smartpayment is the world's first claimed utility token that has direct connectivity between Fiat Gateway and Crypto Gateway transactions. This harmonization combination bears witness to the history of the formation of the 3rd generation of cryptocurrencies.

The transaction system (point of sales) from Smartpayment Indonesia and Global will be the main block hash engine of every transaction that is converted into Smartpayment .

to maximize their respective capitalization. We are venturing into the International market.

**If Bitcoin as a Currency, Etherum as king smart contract,
BNB as a bigger Exchange.
So Spay V2 as a Payment Method**
